Re: Mike West Company

To whom it may concern:

Mike West Company contracted with the Housing Authority of the City of Danbury to rehabilitate two (2) residential units which sustained substantial fire damage in 2002. Mr. West and his staff completed the job professionally, on time and on budget. His workmanship was excellent in every aspect. Mr. West completed the permitting process as well as the inspections required by the City of Danbury without delay or complication.

We are pleased with the work done and would recommend without hesitancy.

Sincerely yours,

Diana M. Burgos  
Interim Executive Director
