Re: Mike West Company

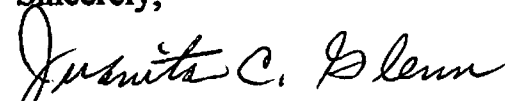

To Whom It May Concern:

The Mike West Company contract with the Glenn family concerning the addition of a kitchen, den and master bathroom was professionally conducted, on time and within the budget.

The addition was exceptionally done, meeting all the requirements of the City of Stamford without delay or complication, and of course met with our family's great satisfaction!

It was a pleasure knowing Mike and his crew. Mike continually demonstrated fine character and business integrity through out the process. I would recommend his company without hesitation.

Sincerely,

Juanita C. Glenn
